

Application for ethical approval

Accompanying letter to complement an application for ethical approval

1. Respond to the questions or comments that the Ethical Review Agency stated in its decision.

The accompanying letter must show your responses to the agency's comments about the research project and application. If you revise your application, it must be clearly shown in the accompanying letter which sections of the application you have revised and in what way. If you also revise any annexes, you must show which annexes you have revised, and in what way. The application and its annexes must be attached with track changes showing any amendments you have made. If the annexes are voluminous, which pages have been amended must be shown.

Max 4,000 characters
